INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council
City of McCook, Nebraska

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities - modified cash basis, the business-type activities - accrual basis, the aggregate discretely presented component units - accrual basis, each major fund - modified cash basis for the governmental funds and accrual basis for the proprietary funds, and the aggregate remaining fund information - modified cash basis for the governmental funds of the City of McCook, Nebraska, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities - modified cash basis, the business-type activities - accrual basis, the aggregate discretely presented component units - accrual basis, each major fund - modified cash basis for the governmental funds and accrual basis for the proprietary funds, and the aggregate remaining fund information - modified cash basis for the governmental funds of the City of McCook, Nebraska as of September 30, 2022, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with the basis of accounting described in Note A.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of McCook, Nebraska and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter—Basis of Accounting

We draw attention to Note A of the financial statements, which describes the basis of accounting for the governmental activities and governmental funds. The governmental financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash and accrual basis of accounting described in Note A, and for determining that the modified cash and accrual basis of accounting are acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of McCook, Nebraska's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of McCook, Nebraska's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of McCook, Nebraska's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of McCook, Nebraska's financial statements. The combining fiduciary fund statement, the statement of general fund departmental revenue and expenditures, the combining component unit financial statements, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information described in the second sentence of this paragraph and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the management's discussion and analysis and budgetary comparison schedules, but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 29, 2022, on our consideration of the City of McCook, Nebraska's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of McCook's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of McCook, Nebraska's internal control over financial reporting and compliance.

CITY OF MCCOOK, NEBRASKA
MANAGEMENT'S DISCUSSION AND ANALYSIS, continued
For The Year Ended September 30, 2022

This discussion and analysis of the City of McCook's financial performance provides an overall review of the City's financial activities for the fiscal year ended September 30, 2022. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

For FY 21/22, the City increased the General Fund levy by \$0.01 to \$.359044. In FY 16/17 the City increased the levy by \$0.03, to \$.349044, which was the first increase since 2002. The City does not have a levy for bonded debt.

Pursuant to a 2015 sales tax ballot question, McCook's residents approved a 1.5% local option sales tax. 1/6 of the total sales tax receipts are utilized to fund economic development through a voter approved LB840 Program administered by the McCook Economic Development Corporation. The remaining 5/6 of the total sales tax receipts generated are utilized for the following purposes: property tax relief, capital improvement projects, capital outlay purchases, and debt reduction.

Total sales tax receipts were \$3,006,859, of which, \$267,715 were from motor vehicle sales restricted to Street Department use. This marks the highest sales tax receipts recognized by the City since the inception of McCook's local option sales tax in 2001. Staff believes there are two reasons for the continued growth in sales tax receipts. During the COVID-19 pandemic, many people chose to shop locally and to shop online. Recent State of Nebraska legislation requiring online sales to be taxed, coincides with more people shifting to online shopping during the pandemic.

For Capital Improvement Projects the Council committed \$350,000 for One & Longer Street Plan Improvements; \$150,000 for annual street maintenance, \$40,000 for drainage maintenance; and \$100,000 of uncommitted to be designated for future projects. The North Cherokee Paving Project - \$558,400 and the Overlay Project for a portion of East 1st Street - \$269,951 were completed using sales tax revenues and State of Nebraska Buyback dollars.

The 1/6th sales tax receipts generated \$500,776 for funding of the LB840, which included \$44,600 from motor vehicle sales restricted to Street Department use. The MEDC focused on development of workforce housing on land they own in the North Pointe subdivision land and in the Seminole/Park area. Funds were utilized to payoff the loan for the Seminole/Park area, infant childcare incentives, and a housing study. A \$100,000 loan was issued to Hot Tub Brokers.

In FY 20/21 the MEDC created a Rural Workforce Housing Investment Fund to be used for low interest, deferred loans hoping to lower the cost of construction of homes and to provide housing rehabilitation assistance. Funding was received through a \$250,000 Rural Workforce Housing Fund grant, a \$167,000 grant from the Nebraska Investment Finance Authority, and raised an estimated \$250,000 locally. Contributions from the City were \$54,300 from LB840 funds and \$25,000 from the City's ACE funds.

In March 2021, the Council extended for another five-year term the agreement with McCook Keno, LLC for the operation of Keno within the City of McCook. A fourth kiosk was also added at that time. The annual revenue for FY 21/22 was \$96,800, an decrease of 5% from last year. Of note, keno revenues have declined across the state of Nebraska. Revenues derived from the keno operation are to be used for "community betterment purposes." A transfer of \$64,000 was made to offset General Fund expenses.

The City received \$684,600 from the Coronavirus Relief Fund for presumptive payroll reimbursement for our Police, Firefighters, Paramedics, and E911 Dispatchers. The City designated these funds for E911 console,

radios, and equipment - \$150,000; Equipped Police vehicle \$47,900; Public Works Bucket Truck - \$125,000; Fire/Ambulance Extrication equipment - \$130,000; and a \$200,000 transfer to the City of McCook Self Insurance Fund. The City received its second installment of the expected \$1,338,000 from the American Rescue Plan Act. During the budget process the Council designated these funds to E911 console, radios, and equipment - \$440,000; internet to the Water Treatment Plant - \$20,000; Fan Press for the Wastewater Treatment Plant - \$500,000; and a drainage project along North Highway 83- \$300,000.

In FY 20/21 the McCook Ben Nelson Regional Airport received \$43,000 from the CARES Act Airport Grant for payroll reimbursement. Those funds were used to buy a new pickup for the Airport.

In October 2018, the City renewed the Professional Retail Operations Agreement with Nebraska Public Power District (NPPD) for the lease of its electric system. The term was extended from fifteen years to twenty-five years, commencing on January 1, 2019, with the City being paid 12.5% of the retail revenues. The agreement allows for the City to implement additional one-half percent incremental increases to an overall cap of 14%. Any one-half percent increase, if opted in the future, must be done annually. The current year's lease generated \$1,369,900. Of this amount, the City transferred \$400,000 to the Self Insured Health Insurance Fund and \$969,900 to the General Fund.

The natural gas franchise agreement with Black Hills Energy is for a term of 10 years with the franchise fee paid to the City quarterly. The franchise fee is \$0.018 per therm delivered. The annual revenue received was \$57,000.

The 4% Hotel Occupation tax established by the Council in April 2018 generated \$144,000 for the General Fund.

The City provides medical and dental insurance for eligible employees using a self-insurance fund. The fund is financed by operating transfers from the Governmental and Proprietary Fund of an average amount per employee, which is based on management's previous experience. Employee premiums per two-week period are \$20.00 for a single member, \$47.00 for an employee and spouse, \$40.00 for an employee and children, and \$80.00 for an employee and family. The fund covers up to \$35,000 in costs per employee. Any expenses over that amount are covered by an insurance carrier. The City uses a claims service to handle the insurance claims. For the current fiscal year, the City budgeted \$24,725 per employee for insurance. The actual cost per employee averaged \$26,000 due to the increased cost of medications and services provided. In FY 16/17 the City had one potential \$650,000 laser claim. Because of this laser, it was necessary to utilize a portion of the \$300,000 reserve held for a "worst case year." In order to replace the reserve, the City borrowed \$450,000 from Water Department Reserves, with a term of five years. The fifth and final payment of \$95,000 was made in FY 21/22. The City continues to work with Hays Companies to monitor these costs and assist in developing options to help contain these costs.

In March 2015 the City approved a disability pension annuity distribution for a former police officer. The City will pay the former employee \$1,573 per month for the remainder of the individual's life, per the disability annuity agreement.

During FY 21/22 the Redevelopment Plan for Quillan Courts was amended to identify property within the original redevelopment area that needed to be removed to provide for a new redevelopment project - the MEDC Infill Housing Project. The project consisted of the construction of a single family residential dwelling.

MANAGEMENT'S DISCUSSION AND ANALYSIS, continued
For The Year Ended September 30, 2022

The North Pointe Redevelopment Project #2 was created on property owned by the McCook Economic Development Corporation (MEDC). MEDC desires to recruit a redeveloper to build approximately 25 market rate, workforce residential dwelling units and the necessary public infrastructure improvements.

In October 2017 the City issued \$8,605,000 of Series 2016 Combined Utilities Revenue Refunding Bonds to refinance the Water Department 2006 loan from the Nebraska Department of Environmental Quality Safe Water State Revolving Loan for \$9,922,000 to construct an Ion Exchange drinking water treatment facility to remove unsafe levels of Arsenic, Uranium, and Nitrate from the municipal water supply and the Wastewater Treatment Department loan from the Clean Water State Revolving Loan for \$3,930,000 for construction and improvements to meet Ammonia limits required by the National Pollutant Discharge Elimination System (NPDES) Permit. The S&P Global Ratings assigned its 'A+' long-term rating to these refunding bonds.

In April 2021 the Council called for the early redemption of the Series 2015 Combined Utilities Revenue Refunding Bonds and authorized the issuance of the Series 2021 Combined Utilities Revenue Refunding Bonds, in an amount not to exceed \$6,600,000. The proposed savings was an estimated \$545,000 over the course of the 15 year bond. The final bond issued was \$6,555,000.

In June 2015 the Water Department received a Nebraska Department of Environmental Quality Safe Water State Revolving Loan for \$1,320,072 for 16" transmission main replacement, East "H" Street water main replacement, and East "C" Street water main improvements. Total disbursements were \$1,650,090, with loan forgiveness of \$330,018. This loan is to be repaid over twenty years and was not included in the refinance because of loan terms that allow for no prepayment within five years of the Loan Date for those receiving loan forgiveness.

In May 2022 the Water Department received a Nebraska Department of Environment and Energy Safe Drinking Water State Revolving Loan for \$2,490,000 to replace the East 14th water main, the West 5th 16" Water Main, the 12" water main from South Street north to "A" Street, and a portion of the South Street water main. This loan includes Loan Forgiveness of up to 15% of eligible Project Costs (maximum \$373,500) plus an additional \$79,601 for Loan Forgiveness and is to be repaid over thirty years.

Ordinance No. 2022-3037 provided for a 3% per month rate increase for the base and 100 cubic feet charge, for both residential and commercial Sewer Use Charges. The last rate increase for the Sewer Enterprise was in 2021. Ordinance No. 2022-3036 provided for a 6% per month rate increase for the base and 100 cubic feet charge, for both residential and commercial Water Use Charges. The last rate increase for the Water Enterprise was in 2021. These rates are monitored and adjusted annually if necessary, to ensure funds are available for payment of the State Revolving Loans for the sewer and water improvements, Combined Utilities Bond, and to offset any increases in operating costs. This annual monitoring will continue now that these loans have been refinanced with refunding bonds.

Ordinance No. 2021-3022 provided for increases in Solid Waste Collection. Residential Trash Collection increased from \$23.75 to \$24.50 and Household/Commercial increased from \$65 to \$67 per ton. The last rate increase for Solid Waste Collection occurred in 2019.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of McCook's financial statements. The City's financial statements comprise:

- Government-wide financial statements
- Fund financial statements

CITY OF MCCOOK, NEBRASKA
MANAGEMENT'S DISCUSSION AND ANALYSIS, continued
For The Year Ended September 30, 2022

- Notes to the financial statements
- Supplementary and other information which further explains and supports the information in the financial statements

Government-wide Financial Statements. The *government-wide financial statements* report information about the City as a whole using accounting methods similar to those used by a private-sector business.

The government-wide financial statements distinguish the following functions of the City:

- *Governmental activities* are primarily supported by taxes and intergovernmental revenues. The governmental activities of the City include general government, economic development, public safety, public works, parks, cultural activities, and human service.
- *Business-type activities* are supported by user fees and charges which are intended to recover all or a significant portion of their costs. The City's electric, water, wastewater, and solid waste collection services are all included as business-type activities.

Fund Financial Statements. The fund financial statements provide detailed information about the City's most significant funds, not the City as a whole. Funds are groupings of activities that enable the City to maintain control over resources that have been segregated for particular purposes or objectives. All of the funds of the City of McCook can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

- *Governmental Funds.* The governmental funds are used to account for the financial activity of the City's basic services, similar to that described for the governmental activities in the government-wide financial statements. However, unlike the government-wide statements, which provide a long-term focus of the City, the fund financial statements focus on a short-term view of the inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the fiscal year.
- *Proprietary Funds.* The proprietary funds are used to account for the financial activity of the City's operations for which customers are charged a user fee; they provide both a long- and short-term view of financial information. The City maintains four enterprise funds which are a type of proprietary fund - the electric, water, wastewater, and solid waste operations. These enterprise funds are the same as the business-type activities in the government-wide financial statements.
- *Fiduciary Funds.* The City maintains fiduciary funds, which are used to account for resources held by the City in a trustee capacity or as a custodian for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the City's own programs.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in both the government-wide and fund financial statements. The notes can be found immediately following the financial statements.

Net position may serve over time as a useful indicator of a government's financial position. At the close of the current fiscal year, the City of McCook's assets exceeded its liabilities by \$51,487,799.

Capital assets (land, infrastructure, buildings, streets, improvements, and equipment), net of any debt issued to acquire these assets, comprise 61.8 percent of the City's net position. Although these capital assets assist the City in providing services to its citizens, they are generally not available to fund the operations of future periods.

An additional 11.1 percent of the City's net position is subject to external restrictions as to how it may be used. The remaining component of net position (\$13,928,166) is the unrestricted net position.

Financial Analysis of the Government's Funds

As noted earlier, the City of McCook used fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City of McCook's *governmental* funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City of McCook's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of McCook's governmental funds reported combined ending fund balances of \$8,217,352. Approximately 12.9 percent of this total amount (\$1,057,573) constitutes *unassigned fund balance*, which is available for spending at the government's discretion. The remainder of fund balances is not available for new spending because it has already been 1) restricted to pay debt service (\$398,745), 2) restricted to fund capital projects (\$733,200), 3) endowed as nonspendable to fund perpetual care (\$159,319), 4) restricted for community betterment (\$43,171), 5) restricted to fund economic development projects (\$1,013,374), 6) restricted for federal projects (\$1,325,757), 7) restricted for street projects (\$1,043,832), 8) committed for capital projects (\$496,540), 9) assigned for storm/hail repairs (\$474,031), or 10) assigned for budgetary stabilization (\$1,471,810).

The General Fund is the chief operating fund of the City of McCook. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$1,057,573, while total fund balance reached \$3,185,242. As a measure of the General Fund's liquidity, it may be useful to compare unassigned and total fund balance to total fund expenditures. Unassigned fund balance represents 15.7 percent of General Fund total expenditures, while total fund balance represents 47.3 percent of General Fund total expenditures.

The fund balance of the City of McCook's General Fund increased by \$381,461 during the current fiscal year.

Proprietary funds. The City of McCook's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the proprietary funds at the end of the year were as follows: Electric and Emergency Fund - \$0, Water Fund - \$6,673,694, Sewer Fund - \$2,174,843, and Solid Waste Fund - \$204,869. The growth (decrease) in net position for the proprietary funds was as follows: Electric and Emergency Fund - decrease of \$(3,540), Water Fund – increase of \$273,135, Sewer Fund – increase of \$431,114, and Solid Waste Fund – increase of \$2,010. Other factors concerning the finances of these four funds have already been addressed in the discussion of the City of McCook's business-type activities.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES - MODIFIED CASH BASIS -
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

For the year ended September 30, 2022

| | |
|---|--------------------|
| Total net change in fund balances - governmental funds | \$ (96,638) |
|---|--------------------|

Amounts reported for *governmental activities* in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures.

However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capitalized capital outlay (\$2,455,629) exceeded depreciation expense (\$1,233,939). Asset additions of \$33,904 were funded directly by donations.

1,221,690

Basis remaining on capital asset disposals does not impact the fund financial statements. However, the remaining basis is reported as a loss on disposal of capital assets in the statement of activities.

(10,093)

Principal payments received on LB840 loans are reported as revenue in the governmental fund statements, but these payments decrease the note receivable balance in the statement of activities.

(83,489)

Uncollectible LB840 notes receivable do not impact the governmental fund financial statements, but recording an allowance for potentially uncollectible LB840 loans increases bad debts expense on the statement of activities.

(116,315)

Principal advances on LB840 loans are reported as expenses in the governmental fund statements, but these advances increase the note receivable balance in the statement of activities.

100,000

The increase in net position of the Internal Service Fund is included as a governmental activity in the government wide statements.

644,188

Repayment of bond and note principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

CITY OF MCCOOK, NEBRASKA
NOTES TO FINANCIAL STATEMENTS

September 30, 2022

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of McCook, Nebraska (City) are prepared in accordance with the modified cash basis of accounting for governmental and fiduciary funds and the accrual basis for the proprietary funds and discretely presented component unit. The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

The accounting and reporting framework and the more significant accounting principles and practices are discussed in subsequent sections of this Note.

1. Financial Reporting Entity

The City of McCook, Nebraska, was incorporated as a City of the first class in 1933. The City operates under a City Manager form of government. The Mayor is elected by the Council. All members of the City Council are elected on four-year terms. The administration of the City government is performed under the direction of the Council by the City Manager. Services provided to residents include public safety, highways and streets, parks, recreation, water and sanitary sewer systems, garbage collection, and general administrative services.

The City's financial reporting entity comprises the following:

| | |
|---------------------------------------|---|
| Primary Government: | City of McCook |
| Discretely Presented Component Units: | Community Development Authority McCook Leasing Corporation |

In determining the financial reporting entity, the City complies with the provisions of GASB Statement No. 61, and has addressed all potential component units (traditionally separate reporting entities) for which the City may be financially accountable, and, as such, should be included within the City's financial statements. The City (the primary government) is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading.

Blended Component Units

Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the City Council or the component unit provides services entirely to the City. These component units' funds are blended into those of the City by appropriate activity type to compose the primary government presentation. Currently, the City has no blended component units.

Discretely Presented Component Units

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending. The following are the discretely presented component units:

Brief Description of Activities
and Relationship to the City

McCook Community
Development Agency

On February 20, 2006, the City Council passed an ordinance repealing the CRA and creating a CDA for the City of McCook. The Mayor and the members of the City Council shall constitute the Agency and the City Manager shall serve as the director of the CDA.

McCook Leasing Corporation

Created in 2011 to provide for the construction and issuance of bonds for the construction of the combined Administration and Public Safety building. This entity had no activity during the year ended September 30, 2022.

2. Basis of Presentation

Government-wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

2. Basis of Presentation, continued

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type.
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund

The General Fund is the primary operating fund of the City and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for certain purposes.

Capital Project Funds

Capital Project Funds are used to account for resources restricted for the acquisition or construction of specific capital projects.

2. Basis of Presentation, continued

Governmental Funds, continued

Debt Service Fund

The Debt Service Fund accounts for the accumulation of financial resources for the payment of interest and principal on the general long-term debt of the City other than debt-service payments made by enterprise funds. Ad valorem taxes are used for the payment of principal and interest on the City's general obligation bonds.

Proprietary Funds

Enterprise Funds

Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector.

Internal Service Fund

The Internal Service Fund accounts for activities that provide goods and services to other funds, departments or agencies of the primary government and its component units on a cost-reimbursement basis.

Fiduciary Funds (Not included in government-wide statements)

Custodial Funds

Custodial funds account for assets held by the City in a purely custodial capacity. The reporting entity includes ten custodial funds. Since these funds are custodial in nature (i.e., assets equal liabilities), they do not involve the measurement of results of operations.

| Electric and Emergency, Water, Sewer, and Solid Waste | See page 33 for description. |
| <u><i>Nonmajor:</i></u> | |
| Governmental: | |
| Keno Fund | The Keno Fund is a Special Revenue Fund that accounts for Keno proceeds and community betterment expenditures. |

3. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

CITY OF MCCOOK, NEBRASKA
NOTES TO FINANCIAL STATEMENTS, Continued
September 30, 2022

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

3. Measurement Focus and Basis of Accounting, continued

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined in item b, below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.
- c. Fiduciary funds are not involved in the measurement of results of operations; therefore, the measurement focus is not applied to them.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the modified cash basis of accounting. This basis recognizes assets, liabilities, net position, revenues, and expenses when they result from cash transactions with a provision for depreciation. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) *are not recorded* in these financial statements. Under the modified cash basis of accounting, proceeds from the issuance of long-term debt increase liabilities and payment of long-term debt reduces liabilities. Capital assets are capitalized and depreciation is recognized over the estimated lives of the related assets. Right of use assets and related lease liabilities, as defined by GASB 87, are not reflected in the accompanying modified cash basis financial statements.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

3. Measurement Focus and Basis of Accounting, continued

Basis of Accounting, continued

Business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified cash basis of accounting using a flow of current financial resources measurement focus. Proceeds from issuance of long-term debt are recognized as revenue when received and payment of long-term debt principal is reported as an expenditure when paid. Capital asset purchases are recorded as expenditures and depreciation is not recognized.

All proprietary funds and the discretely presented component units utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or the economic asset is used.

4. Assets, Liabilities, and Equity

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Investments

For the purpose of the Statement of Net Position, “cash and cash equivalents” include all demand accounts and savings accounts. For the purpose of the proprietary fund Statement of Cash Flows, “cash and cash equivalents” include all cash on hand, demand accounts, savings accounts, and equity in pooled cash which has an original maturity of three months or less. The County Treasurer’s cash represents revenues collected not yet remitted to the City.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

4. Assets, Liabilities, and Equity, continued

Cash and Investments, continued

Investments are carried at fair value. Fair value is based on quoted market price. Additional cash and investment disclosures are presented in Notes B2, C1, and D2.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Business-type activities report utility billings as their major receivables.

In the fund financial statements, proprietary fund receivables consist of all revenues earned at year end and not yet received. Utility accounts receivable compose the majority of proprietary fund receivables. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

Inventory

All inventories are valued at cost using the first-in/first-out (FIFO) method.

Restricted Assets

Restricted assets include cash and investments that are legally restricted as to their use. The primary restricted assets are related to debt service and proceeds of specific revenue sources that are legally restricted to expenditures for certain purposes.

Capital Assets

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

September 30, 2022

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

4. Assets, Liabilities, and Equity, continued

Capital Assets, continued

Government-wide Statements

In the government-wide financial statements, property and equipment are accounted for as capital assets. The City has a \$5,000 capitalization threshold. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at their estimated fair value at the date of donation. The City has elected the depreciation approach for reporting infrastructure.

Depreciation for capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The ranges of estimated useful lives by type of asset are as follows:

| | |
|-------------------------|-------------|
| Buildings | 25-50 years |
| Improvements | 10-50 years |
| Machinery and Equipment | 3-20 years |
| Utility System | 25-50 years |

Beginning October 1, 2003, governmental funds' infrastructure assets were capitalized under the retroactive capitalization method. These assets have been valued at cost. The cost of normal maintenance, preservation, and repairs that do not add to the value of the assets or materially extend the assets' lives are not capitalized.

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

4. Assets, Liabilities, and Equity, continued

Compensated Absences

The City's policies regarding vacation time and sick leave permit employees to accumulate earned but unused leave. In the event of termination, an employee is paid for all unused accumulated vacation time, accumulated compensatory time, and one-fourth of accumulated sick leave. Accumulated leave is accrued in the accompanying proprietary funds financial statement but not in the governmental funds.

Long-term Debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide Statements

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements. The long-term debt consists primarily of notes payable.

Fund Financial Statements

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as it is in the government-wide statements.

Equity Classifications

Government-wide Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

Fund Financial Statements

Governmental fund equity is classified as fund balance. Proprietary fund equity is classified the same as in the government-wide statements.

Effective October 1, 2010, the City adopted GASB Statement No. 54, which redefined how fund balances of the governmental funds are presented in the financial statements. Fund balances are classified as follows:

Nonspendable—Amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.

Restricted—Amounts that can be spent only for specific purposes because of the City Charter, City Code, state or federal laws or externally imposed conditions by grantors or creditors.

4. Assets, Liabilities, and Equity, continued

Equity Classifications, continued

Committed—Amounts that can be used only for specific purposes determined by a formal action by City Council ordinance or resolution.

Assigned—Amounts that are designated by the Mayor for a specific purpose but are not spendable until a budget ordinance is passed by the City Council.

Unassigned—All amounts not included in other spendable classifications.

The details of the fund balances are included in the Governmental Funds Balance Sheet (page 20). Restricted funds are used first as appropriate. Assigned Funds are reduced to the extent that expenditure authority has been budgeted by the City Council or the Assignment has been changed by the Mayor. Decreases to fund balance first reduce Unassigned Fund balance; in the event that Unassigned Fund Balance becomes zero, then Assigned and Committed Fund Balances are used in that order.

5. Revenues, Expenditures, and Expenses

Sales and Use Tax

The City presently levies a 1.5 cent sales tax on taxable sales within the City. The sales tax is collected by the Nebraska Department of Revenue and remitted to the City in the month following receipt. The Nebraska Department of Revenue receives the sales tax approximately one month after collection by vendors. As of October 1, 2006, sales tax collected on the sale of motor vehicles is recorded in the Street Fund as required by LB904. The LB840 Fund received 16.67 percent of the non-motor vehicle sales tax collections for economic development. The balance of the sales tax may be used for budgeted General Fund appropriations and capital projects; purchase of capital equipment; improving, repairing or replacing the City's infrastructure, including but not limited to water quality improvements, City streets, parks, and other public facilities; and repaying or redeeming water, sewer and other City debt.

Property Taxes

The City has the power to levy taxes each year sufficient to pay any judgment existing against the City, the interest on bonded debt, and the principal on bonded debt maturing during the fiscal year or within six months thereafter, as well as taxes authorized by state law.

The tax levies for all political subdivisions in Red Willow County are certified by the County Board on or before October 15. Real estate taxes are due on December 31 and attach as an enforceable lien and become delinquent in two equal installments on May 1 and September 1. Personal property taxes are due in the same manner as real estate taxes. Delinquent taxes bear 14 percent interest.

Property taxes levied for 2021-2022 are recorded as revenue when received by the County.

Electrical Distribution System Lease and Wholesale Power Contract

The City of McCook, Nebraska, recognizes revenue under a net lease of the electric distribution system. Rental payments are equal to 12.5 percent of retail revenues from the distribution system, adjusted to eliminate revenues from tax-supported agencies and fuel cost and similar adjustments. The lessee will maintain the electric distribution system pursuant to prudent utility practice and provide insurance thereon.

The lease, entered into on January 1, 2019, is for a 25-year period. The lease is annually renewable thereafter, unless terminated by a minimum of five years prior written notice.

Operating Revenues and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities.

5. Revenues, Expenditures, and Expenses, continued

Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds – by Character and Function

Proprietary Funds – by Operating and Nonoperating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

Interfund Transfers

Permanent reallocation of resources between funds of the reporting entity is classified as transfers. For the purposes of the Statement of Activities, all interfund transfers between individual governmental funds have been eliminated.

NOTE B – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

By its nature as a local government unit, the City and its component units are subject to various federal, state, and local laws and contractual regulations. An analysis of the City's compliance with significant laws and regulations and demonstration of its stewardship over City resources follows:

1. Fund Accounting Requirements

The City complies with all state and local laws and regulations requiring the use of separate funds. The legally required funds used by the City include Special Revenue, Debt Service, Capital Projects, and Agency Funds.

2. Deposit Laws and Regulations

Custodial credit risk is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance or with U.S. Treasury and U.S. agency securities having an aggregate value at least equal to the amount of the deposits. The City's demand deposits are insured up to \$250,000 and certificates of deposit/savings accounts are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC). Any cash deposits or certificates of deposit in excess of the FDIC limits are insured by collateral held by the pledging institution in the City's name.

3. Revenue Restrictions

The City has various restrictions placed over certain revenue sources from state or local requirements. The primary restricted revenue sources are described in Note A2 for the various funds.

4. Debt Restrictions and Covenants

Bonds Payable

The various bond ordinances relating to the bonds payable contain some restrictions or covenants that are financial-related. These include covenants such as debt-service coverage requirements and required reserve account balances. The City is in compliance with the bond restrictions and covenants.

5. Budgetary Data

The City is required by state laws to adopt annual budgets for all fund types. Each budget is presented on the cash basis of accounting, which is consistent with the requirements of the state budget act.

The Nebraska Budget Act provides the prescribed budget practices and procedures that governing bodies are required to follow. The amounts that may be budgeted for certain specific funds are subject to various expenditure and/or tax levy limitations.

The City follows these procedures in establishing the budgetary data reflected in the accompanying financial statements.

- a. On or before August 1, the City prepares a budget for the fiscal year commencing October 1. The budget includes proposed expenditures and resources available.
- b. The budget is published with subsequent public hearings to obtain taxpayer comments.
- c. Prior to September 30, the City Council adopts the budget, which is then filed with the appropriate state and county officials.
- d. Total expenditures may not legally exceed total appropriations. Appropriations lapse at year end and any revisions require board approval.
- e. Appropriations lapse at the end of the fiscal year, except for capital improvement appropriations and certain encumbrances against operating budgets.
- f. The County Clerk certifies a preliminary property tax levy for each fund of the City which levied property taxes in the county the previous year based on the combined valuation and amount required for the City the prior year. The preliminary levy becomes the final levy unless the governing board passes, by a majority vote, a resolution setting the levy at a different amount.

Municipal Solid Waste Landfill Postclosure, continued

Under an agreement with the Nebraska Department of Environmental Quality, the City of McCook discontinued acceptance of solid waste after the completion of the current cell on September 1, 1996. According to the engineering study performed for the municipal solid waste landfill, the revised closure costs for the landfill were estimated at \$36,000. The postclosure care costs were estimated at \$44,948 annually for 30 years after closure as required by EPA rule “Solid Waste Disposal Facility Criteria.” The amount accrued has been adjusted for inflation. The total closure and postclosure cost estimate is \$1,384,440. The cumulative liability, which is based on the capacity of the landfill used to date, was \$715,000 at September 30, 2022. The City of McCook considers this amount available through the normal annual budgeting process. The City has a restricted cash reserve of \$86,322 as of September 30, 2022, consisting of a landfill postclosure reserve of \$86,322. The City was released from its landfill remedial action reserve in December 2016, so it no longer restricts cash for the remedial action reserve.

Deep Well Abandonment Costs

The City recognizes a proportionate share of the estimated total current cost of well abandonment for the deep injection well as an expense and a liability in each period that the well operates.

Under an agreement with the Nebraska Department of Environmental Quality, the City of McCook established an escrow account with a balance at September 30, 2022, of \$84,562 to be used for future deep well abandonment costs. The estimated cost of abandonment is being recognized over the 30-year estimated life of the well. The accrued deep well abandonment cost was \$54,070 at September 30, 2022.

1. Employee Pension and Other Benefit Plans

The City participates in three employee benefit plans as follows:

| <u>Name of Plan</u> | <u>Type of Plan</u> |
|------------------------------|---------------------------|
| City General Plan | Defined Contribution Plan |
| City Manager Plan | Defined Contribution Plan |
| Police and Firefighters Plan | Defined Contribution Plan |

The City Manager Plan is administered by the City, and the Police and Firefighters Plan and the City General Plan are administered by a third party. None of the plans are included in these financial statements.

City General Plan

The City provides pension benefits for substantially all of the full-time employees (excluding all uniformed personnel covered under other retirement plans) through a defined contribution plan. The defined contribution plan includes all General and Proprietary Fund employees. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings.

Public employees are eligible to participate on the first day of the month following the date on which the employee meets the eligibility requirements. The City contributes up to six percent of the participant's base salary and the employee contributes from six percent to 15 percent of his or her base salary. The City's contributions for each employee (and interest allocated to the employee's account) are fully vested after seven years of continuous service. The City's total payroll and eligible compensation (excluding uniformed personnel) in the year ended September 30, 2022, was \$3,063,352 and \$2,633,099, respectively. All contributions, including \$187,101 in employee contributions and \$153,962 in City contributions, have been transferred to the plan's trustee during the year ended September 30, 2022.

1. Employee Pension and Other Benefit Plans, continued

City General Plan, continued

The Public Employee Plan, which is administered by CPI Qualified Plan Consultants, Inc., had plan assets with a market value of \$5,222,917 at September 30, 2022.

City Manager Plan

The City Manager currently participates in the City General pension plan. No contributions were made to the City Manager Plan during the year ended September 30, 2022. The balance of \$237,020 in the plan at September 30, 2022 represents balances for former City Managers.

Police and Firefighters Plan

The City provides pension benefits for the policemen and the firemen under separate defined contribution plans established by statutes of the State of Nebraska, effective January 1, 1984. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate from the date of employment. The City contributes 7 percent to the policemen's fund and 13 percent to the firemen's fund while the policemen contribute 7 percent and the firemen contribute 6.5 percent. The City's contributions for each fire employee (and interest allocated to the employee's account) are fully vested after seven years of continuous service. The City contributions for each police employee (and interest allocated to the employee's account) vest as follows: 40 percent after 2 years, 60 percent after 4 years, 80 percent after 6 years, and 100 percent after 7 years.

The City's total payroll and eligible compensation for policemen and firemen in the year ended September 30, 2022, was \$1,009,028 and \$781,248, respectively. All contributions, including \$70,632 and \$50,781, respectively, in employee contributions and \$70,632 and \$101,562, respectively, in City contributions, have been transferred to the plan's trustee during the year ended September 30, 2022. The City did not use any of the unallocated account in the policemen's and firemen's pension funds for the City's contribution during the year ended September 30, 2022.

The policemen and firemen plans had plan assets with a market value of \$2,490,600 and \$3,116,787, respectively, at September 30, 2022.

2. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City purchases commercial insurance to minimize the effect of possible exposure to these risks. There have been no significant reductions in insurance coverage from coverage in the prior year. During the past three fiscal years, there have been no settlements exceeding the amount of the City's insurance coverage.

Deposits and Investments

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. All of the underlying securities for the City's investments at September 30, 2022, are held by the counterparties not in the name of the City. The underlying securities consist of cash, direct obligations of or guaranteed by the full faith and credit of the U.S. Government, and other similar obligations of the U.S. Government or its agencies.

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy requires that market conditions and investment securities be analyzed to determine the maximum yield to be obtained and to minimize the impact of rising interest rates. The City had no certificates of deposit as of September 30, 2022.

Credit Risk. Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The City's investments consist of certificates of deposit, money market funds, and other securities backed by U.S. Government obligations, minimizing credit risk associated with the City's investment portfolio.

Concentration of Credit Risk. The City's investment policy places no limit on the amount that may be invested in any one issuer. At September 30, 2022, the City's bank balances, totaling \$19,446,737, were all held at McCook National Bank.

Foreign Currency Risk. This risk relates to adverse effects on the fair value of an investment from changes in exchange rates. The City's investments had no exposure to foreign currency risk and the City held no investments denominated in foreign currency at September 30, 2022.

3. Commitments and Contingencies, continued

Self-Insurance Fund

The City provides medical and dental insurance for eligible employees using a self-insurance fund. The fund is reported in the Internal Service Fund and is financed by operating transfers from the Proprietary and General Funds of an average amount per employee, which is based on management's previous experience. The Self-Insurance Fund covers up to \$35,000 in costs per employee. Any expenses over that amount are covered by an insurance carrier. The City also uses a claims service to handle the insurance claims.

Disability Pension Annuity

On March 16, 2015, the City approved a disability pension annuity distribution for a former police officer. Under terms of the disability annuity agreement, the City will pay the former employee \$1,573 per month for the rest of the individual's life.

Other Commitments

The City is party to additional commitments for five copiers with monthly payments totaling \$1,008, a digital mailing system for \$200 per month, a telecommunications site for \$150 per month, and tower space from McCook Public Power District for \$50 per month. Also, the City has a commitment for \$2,000 per year for landfill land.

6. Tax Abatements

The Community Development Agency (CDA), who is authorized by Nebraska statutes to enter into property tax abatement agreements for the purpose of developing properties in blighted areas, has entered into tax increment financing (TIF) agreements with various redevelopers. The TIF program has the stated purpose of increasing valuation, business activity and employment in the community.

Under the TIF program, redevelopers can apply for TIF financing whereby the property tax they pay on the increased valuation of property under a TIF agreement is returned to the redeveloper by the CDA to finance the project for a period of up to 15 years.

Information relevant to the abatements granted by the CDA for the year ended September 30, 2022 is as follows:

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant and loan activity of the City of McCook, Nebraska, and is presented on the cash basis of accounting. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the financial statements

The City has not elected to use the 10 percent de minimis cost rate.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and
Members of the City Council
City of McCook, Nebraska

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities - modified cash basis, the business-type activities - accrual basis, the aggregate discretely presented component units - accrual basis, each major fund - modified cash basis for the governmental funds and accrual basis for the proprietary funds, and the aggregate remaining fund information - modified cash basis for the governmental funds of the City of McCook, Nebraska, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's financial statements, and have issued our report thereon dated December 29, 2022. Our report on the financial statements disclosed that, as described in Note A to the financial statements, the City of McCook, Nebraska, prepares its financial statements for the governmental funds on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of McCook's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal

control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as 2022-001, that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of McCook's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of McCook's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City of McCook's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

To the Honorable Mayor and
Members of the City Council
City of McCook, Nebraska

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of McCook, Nebraska's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2022. The City of McCook, Nebraska's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of McCook, Nebraska complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of McCook, Nebraska and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City of McCook, Nebraska's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City of McCook, Nebraska's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of McCook, Nebraska's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of McCook, Nebraska's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City of McCook, Nebraska's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City of McCook, Nebraska's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City of McCook, Nebraska's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued

Year ended September 30, 2022

2. Findings relating to the financial statements that are required to be reported in accordance with GAGAS.

2022-001

Condition: There is not adequate segregation of duties.

Criteria: Adequate segregation of duties should be in place to ensure internal control over cash receipts, disbursements, and recording of transactions.

Cause: There are a limited number of accounting personnel.

Effect: Because of the lack of segregation, the same employees may participate in multiple facets of a transaction.

Recommendation: Management should remain aware of this lack of segregation and continue diligence in oversight and review of transactions.

Views of Responsible Officials and Planned Corrective Actions: It is impractical to further segregate duties due to the limited number of accounting personnel. However, management will continue to review/oversight of transactions.

3. Findings and questioned costs for Federal awards that shall include audit findings as defined in 2 CFR section 200.516(a).
